\$10,000 Carload of Walnuts Sent to Market East

Banner Shipment Is Made By the Association House At Santa Ana

A \$10,000 carload of walnuts was shipped from Santa Ana by the Santa Ana Valley Walnut Growers Association last Saturday.

To be exact, the car invoiced at \$10,013. It contained Diamond brand No. 1 soft shells. In the car were 646 bags of walnuts, the total weight of which came to 64,000 pounds.

This is the banner car of walnuts in value, ever shipped out of Santa Ana. That also means that it is the banner car for the state, for as a walnut shipping point Santa Ana has no equal in the entire state.

MARRIAGE RECORD FOR COUNTY IS BROKEN BY SEPTEMBER LICENSES

August, 1915, With 157 Gives Way to Last Month With Total of 161

June as Cupid's favorite month must take a back seat, for August, 1915, and September, 1916, have demonstrated that June is not up to their standard. A new record in marriage licenses was set by September, when the county clerk's office here issued 161 licenses. The best previous record was held by August, 1915, with 157. Last Saturday with eleven licenses added materially to the month of September.

MILK FAMINE IS CONFRONTING GOTHAM

NEW YORK, Oct. 2.—This city felt the first pangs of a milk famine today, when only half the usual supply was served. In the meantime distributors here of the Big Three League have sought to have the Dairymen's League, a producers combination, investigated as an organization in restraint of selling. The dairymen retorted by alleging that the Big Three is in reality a vicious trust.

New York had probably only half its customary two and a half million quarts this morning. Grow-ups took the milk famine philosophically, and abstained from cereals needing milk or cream, and took their coffee straight. This was in keeping with the advertised appeal of the "Big Three" that patrons consume just as little as they could in order that the hospitals and babies might not suffer.

Distributors arranged that these two groups should get the first consideration. Upstate farmers did picket duty. Reports from a number of points told of raids on milk teams bound for the creameries of the Big Three.

It appeared a grim spirit in favor of halting all shipments, as, according to all information, the league has the supply virtually cornered. To partly meet the shortage, the Big Three has ordered shipments from as far away as Canada and Illinois, but admit that as matters now stand it can hold out little hope of anything but an actual milk famine within the next four days.

JEROME O'NEILL IS DONOR OF \$5000 TO SAN DIEGO HOSPITAL

SAN DIEGO, Oct. 2.—Jerome O'Neill, residing at the Van Nuys Hotel in Los Angeles and owner of the famous Santa Margarita ranch in this county and of the Mission Viejo and Trabuco Ranches in Orange county, has donated \$5,000 toward the construction of a \$200,000 Mercy hospital for the city of San Diego. An active campaign is now on which is being conducted by the Sisters of Mercy. It is to be built upon the six-acre site worth \$100,000 that was given to the sisters by the late Anson P. Stephens of Coronado and his widow. O'Neill has not only given freely to this worthy project but supports an orphanage in San Francisco as a memorial to his father.

WINTER BATH POOLS, PLAN OF WINDY CITY

CHICAGO, Sept. 30.—Because of the popularity of the municipal bathing beaches along the shores of Lake Michigan here during the season just closed, the city plans to appropriate \$800,000 for the construction of swimming pools for use during the winter months. The pools, according to plans presented by the playgrounds committee, will be 30x70 feet and from 3 to 7 feet in depth. Tentative plans call for pools at a cost of \$200,000 each. Dancing pavilions and other entertaining features will be added attractions.

MAN ACCUSED OF MURDER OUT OF ORANGE ARRESTED AS GUN-PACKER

Story of Brutal Killing In 1909 Revived By Capture Of Jacinto Garcia

Jacinto Garcia, accused of the murder of Reyes Molino, remembered by police officers here as one of the most brutal murders in the county's history, was taken to the Orange county jail Saturday night.

Dean arrested him for gun-packing. Garcia started to put up a fight, and Dean knocked him down with a club. At the jail, Garcia gave voice to what is believed a threat to kill Dean.

Garcia will first be prosecuted in the city recorder's court for carrying concealed weapons. Deputy District Attorney Koepsel stated that while the man is in jail on that charge the evidence in the murder case would be looked up, and prosecution for murder brought.

Molino was a member of a family of California-born people who lived in Santa Ana for years.

It was on the night of April 25, 1909, that the mutilated body of Reyes Molino was found on the Santa Fe tracks between Seventeenth street and Santa Clara avenue.

Garcia, wanted for that murder, disappeared, went to Mexico, and only recently returned here.

His son, Leodoro, who was joined in the feud of the Garcias against the Molinos, went with him. A few hours before Molino was beaten to death with a rock, Leodoro fired five shots at Louis Menzo, a member of the Molino clan. Leodoro was later captured at Juarez, was brought back here and was sent to San Quentin for shooting Menzo, who survived a bullet wound in the chest.

Story of Murder

In the feud that had its culmination in Molino's death and the shooting of Menzo, many fist fights and frascos of various degrees occurred. Joe Nieblas stabbed Molino in the stomach, and Molino was still weak from that wound when he was killed. His dead body was laid across the rails, where it was discovered at 9 o'clock at night by L. J. Owens of Orange. A bloody rock twice the size of a man's two fists was found near-by, mute evidence of the weapon used to beat Molino's head. The skull was broken in a dozen places, and a bone of the cheek protruded through the flesh.

The chief witness at the inquest was Ferd Prince, a printer, who evidently came upon the scene just before Molino was finished. Prince saw two men sitting beside the railroad tracks. One was doubled up and groaning. Prince thought him intoxicated. Prince started to stop to talk, when suddenly the man beside the groaning figure jumped up and with a small rifle beat Prince savagely over the head, driving him away.

Rufus Nieblas told the police that at dusk before the murder he saw Garcia going north along the Santa Fe tracks.

In Heart of Mexico

Garcia went into the heart of Mexico, but about two years ago he drifted back to the border. Two years ago when C. E. Rudlock, then sheriff, was looking for Vasquez, murderer of Delbert Wardlow at Talbert, he received word that the murderer was in jail at Mexicali. A trip was made to Mexicali, but it was found that it was old man Garcia, not Vasquez, who was in jail there. The Mexican authorities were holding him for murder, and they told the Orange county officers that Garcia would be executed.

However, Garcia was not executed. At the time it was announced that so much time had elapsed since Molino was killed that it was likely that there could be no successful prosecution.

Believing he was safe from prosecution, Garcia returned here a few months ago, and again entered into life along Lincoln street. The police have credited him with being the predominant figure in a number of disturbances that have occurred in that neighborhood.

Recent Occurrences

Leodoro, who has finished his term in San Quentin, is also back on Lincoln street. A short time ago there was a glorious row in which Garcia and his son were reported to the officers as entering into a fight between themselves, that resulted in the father giving the son a beating.

Somewhat of a return to the bold old days of the Garcia and Molino strife was indicated two weeks ago when Officers Dean and Cook went to Lincoln street and arrested John Mejia for disturbance. As the officers were walking on Washington avenue under the light at Custer street, a shot was fired at them. Cook heard the bullet go through the leaves of a tree overhead.

Saturday Night

Officer Dean is on night duty along the railroads. About 1:30 yesterday morning after the row had broken out two Mexicans, who turned out to be Garcia and Pete Martinez, came from the south. Dean called to them, but they did not stop. Dean decided to investigate, and he walked up and stopped Martinez. Garcia kept going. Dean called to Charles Moore, a Santa Fe freight conductor, who was a few

CROWN LINE GETS OUT OF ORANGE ORDINANCE IS PROHIBITORY

Deacon Says Provisions Most Drastic of Any City In the County

The Crown State Company has quit its service at Orange.

The new jitney ordinance effective yesterday morning is responsible. The Pacific Electric now has practically a clear field to the passenger business between Santa Ana and Orange.

The jitney line discontinued its service there yesterday and as a result the P. E. showed a large increase in business.

Parties wishing to go to Orange from Anaheim, Fullerton and other points north of Orange by public conveyance will have to either travel by steam train, take a jitney to Main street and walk into Orange or come to this city and take the P. E. car.

Ordinance Prohibitive

"The new ordinance governing jitney service in Orange is absolutely prohibitive," said E. L. Deacon of the Crown Stage line this morning. "I believe there is no other city in the United States which has an ordinance as drastic as this. It demands \$50 license per year for every car going into the city, a \$200 bond for each car and provides the schedule and route which jitneys must follow. Failure to comply with either works a forfeiture of both bond and license. A car cannot be diverted from the prescribed route to deliver or pick up a passenger at his home. The schedule to be maintained must be designated in the application for a license, and the board of trustees has the power to change this schedule to suit itself, without regard to the convenience of the serving company or jitney owner, there is no provision in the ordinance for delay caused by accident or tire trouble. Every car licensed must make the regular schedule, substitution of another car in case of an accident to the regular licensed car being also prohibited.

Up to the People

"It is now up to the people of Orange. If they want to stand for that kind of legislation against the jitneys, they will have to do without the service rendered by automobile line. We had secured enough signatures to an initiative petition to put the matter before the people for an expression, but about eighty-five signers were induced to withdraw their signatures from the petition, and we had to drop it.

"The five-cent fare introduced a few days ago was proving highly satisfactory to our company and patrons, and we would have continued the cheap fare had we been permitted to operate under the provisions of the ordinance which has been in vogue up to Sunday.

"While the \$50 a year license required under the old ordinance was a little steep, we could have continued operating our line and paid the license. Adding the \$200 bond and route and schedule to be maintained is more than we could stand. Anyone familiar with the automobile game knows that delays are certain to occur."

Det Weather Conditions

Officials of the Pacific Electric and Los Angeles railway systems are quoted in Los Angeles papers this morning as having stated last night that they would today make complaint to the city council concerning the irregular jitney bus competition to which they are subjected in rainy weather. The officials declared that of the 407 jitneys operating in that city on September 15, less than sixty operated Saturday morning during the rush hours between 7 and 9 o'clock because of the rain, and that only thirty-five were in service Sunday morning.

The Crown Stage both Saturday and Sunday maintained its regular service, according to Deacon. It is true that machines cannot make the same time in rainy weather as in clear weather, but extra cars are put in service to take care of patrons. It takes about five cars in wet weather to give the service of three in clear weather.

NOVEMBER ELECTION'S REGISTRATION CLOSES SATURDAY THIS WEEK

Church Committees Find That About 400 Church Members Not On Books

This is the last week for registering for the November election. Any person whose name is not up on the great register by 12 o'clock midnight of October 7 cannot vote in November. Any person who has registered since January 1, but who has moved from one precinct to another and has not transferred by that hour will not be allowed to vote.

During the past week committees from the various Santa Ana churches have been checking over church membership lists with the great register, and it was found that there are nearly 400 church members in Santa Ana who are not registered. Many of these are not eligible to vote this year on account of lacking residence or some other qualification, but a large proportion of them have neglected to register. Registration clerks are being sent to these church members, urging registration that their votes may be cast for California dry.

THIRTEEN KILLED DETROIT WRECK OF STREET CAR

DETROIT, Oct. 2.—Thirteen persons were killed and twenty-five injured, fifteen of them seriously, when a Grand Trunk switch engine, pushing three freight cars at Dequindre street and East Forest avenue, crashed into a packed, west-bound Detroit United Railway cross-town car about midnight.

The bodies of the persons killed were so badly mangled that identification at the scene of the wreck was almost impossible.

One was a woman whose head was completely severed from her body. Four of the dead were men, and one a young baby.

According to stories of the survivors the accident happened so quickly that none of them knew just what had taken place.

Gruesome sights greeted the first of the rescuers to reach the wreckage. The freight car had hit the street car about in the center and had pushed it from the tracks and slid it along sideways to the still-moving freight cars.

Panic-stricken passengers, of whom there were over ninety on the car, were rushing from both front and rear doors and climbing through the windows only to fall under the wheels of the still-moving cars. Most of those who met death were killed by jumping from the car under the wheels of the freight cars.

Belgian Commander Claims Making Capture of Merchant Sub Bremen

LONDON, Oct. 2.—A huge super-Zeppelin which was shot down in last night's raid, broke into several pieces as it plunged downward before the eyes of thousands of Londoners. The commander of the wrecked giant was found in a field near a part of the wreck, alive, but terribly injured. He was driven into the ground with such force that the imprint of his body was plainly visible when found.

Thirteen bodies had been recovered by noon.

Great crowds cheered the spectacle of the burning Zeppelin as it fell in the London district. The great flare from the burning aircraft was visible for a long distance.

The raid began early in the evening. The official statement issued shortly after midnight said:

"A number of hostile airships crossed the east coast between 9 o'clock and midnight. A few bombs were dropped near the coast, but no damage is yet reported.

"The raid is still in progress and some airships are in the vicinity of London, where some guns have been in action."

DETECTED W SLAVER; GE REWARD O \$200

Training and experience had police force at Terre Haute placed S. A. Clark of this city to do a piece of detective here and earn a reward of \$200 now has that amount added bank account, having just received money.

The reward was for the arrest of Frank Gairpy at Fullerton last night. The man was wanted on a charge at Terre Haute, he had a wife and ten children run away with the 15-year-old son of D. H. Ransford. Gairpy, serving a seven-year sentence in Indiana state prison.

On the 10th of last April Clark received a letter from an old friend who was still a member of the police force at Terre Haute advising the reward and tipping him off to the fact that the man was believed to be working in well section near Fullerton.

Clark got busy at once and local officer investigated the oil well without success. While through Fullerton one day on turn from the oil fields, Clark saw the picture to City Marshal. The latter said the engineer Fullerton water works tallied closely with the description.

Local officers didn't believe the man wanted. Clark was

inced that the man he wanted was the engineer. He took the matter up with the United States district attorney in Los Angeles. A warrant was issued.

Clark visited Gairpy three times to ensure against making a mistake. The arrest was made and Gairpy finally acknowledged that he was the man wanted.

Gairpy and the 15-year-old girl had been residing at Fullerton for about a year as man and wife. Two children were born to her, one after Gairpy was arrested.

Let's go to The Fashion Show tonight at Clune's.

CHURCH RUN LIKE 'GROCERY STORE' PASTOR GETS OUT

BALTIMORE, Oct. 2.—The Rev. Erner Green Johnston, who resigned the pastorate of Holy Trinity church, Newark, N. J., rather than preach to the sinners, was to arrive here today to organize a fellowship of clergy who shall fight for freedom and reach the gospel of social righteousness.

"My vestrymen wanted me to run a church like a grocery store—to lease the customers," said the Rev. Johnston, "and I couldn't quite do it. I turned loose some real religion. The church wanted the conventional and it objected. I imagine this element in the vestry represents the real desire of the congregation—for 'brilliant piety,' as I have heard it described. A photograph and a few well chosen records could deliver the kind of religion they want. Then, too, one can control a photograph with a touch of the hand."

The idea of preaching "straight on the shoulder religion" came to the Rev. Mr. Johnston prior to 1914 when he, with Richard Wallace Hogue, the Rev. A. W. Arundel of St. George, New York and a dozen others deliberately planned to preach twentieth century religion from the Episcopal pulpit and take what consequences were coming. Mr. Hogue left his church and Dr. Arundel resigned from Trinity, Pittsburg, in 1913.

The Rev. Johnston will be associated with Hogue in his work in Baltimore. It is possible that he may take over another parish, but only on a warm invitation from all members and with frank understanding that he will speak his thoughts without limitation from the church members.

A TWICE-TOLD TALE

One of interest to our readers—Good news bears repeating, and then it is confirmed after a long lapse of time, even if we hesitate to believe it at first hearing, we feel secure in accepting its truth now. The following experience of a Santa Ana man is confirmed after six years.

W. N. Nelson, 824 East Fourth St., Santa Ana, gave the following statement on August 13, 1909. He said: "I suffered from pains in my back and now then my back was so painful, could hardly turn over in bed. I had rheumatic pains also. Doan's Kidney Pills freed me of the aches and pains in my back and helped the rheumatic pains."

On February 8, 1916, Mr. Nelson said: "I am just as strong for Doan's Kidney Pills now as when I endorsed them before. They have cured me of the pains in my back. Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Nelson has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.—Advertisement."

ROADS' WELFARE DEMANDS BIG TRUCKS BE EXCLUDED

That trucks are a public service and should either be controlled or private roads provided was a sentiment expressed and approved by a majority of secretaries attending the meeting of Commercial Secretaries of Los Angeles, Orange, Riverside and San Bernardino counties held at Redlands last Saturday.

This sentiment was expressed during a discussion on the preservation of the good roads systems in Southern California.

From every point came reports that heavy trucks are doing irreparable damage to the good roads systems.

The meeting was held at the Casa Loma hotel, where a splendid luncheon was served. The secretaries enjoyed a ride to Yucaipa valley, the home of the apple, and were to have gone to Forrest Home for dinner, but rain prevented.

Methods of increasing membership and raising finances were important subjects up for consideration by the association.

In reports made on finances it was shown that some chambers of commerce have an income of 50 cents per capita and that the average is 33 1/3 cents.

FAIRBANKS HERE TO CAMPAIGN FOR NATIONAL TICKET

LOS ANGELES, Oct. 2.—Smiling his greeting to the large crowd that had gathered to bid him welcome, Charles Warren Fairbanks, Republican candidate for vice president, arrived in Los Angeles over the Salt Lake line yesterday afternoon to open the final campaign in Los Angeles county for the Republican national ticket. A visit to the high schools this morning will be followed by his principal address at Clune's auditorium at 5 o'clock tonight.

Seemingly his ardor was undampened by the long journey from Salt Lake City and a day of drizzling rains, through which the train passed. After ten minutes of hearty handshaking with the large reception committee of prominent Los Angeles and Pasadena citizens the vice presidential candidate entered his son's automobile and was taken directly to the latter's home at 217 Oaklawn avenue, South Pasadena, where he quietly rested during the evening.

FULLERTON WINS ITS GAME AGAINST ORANGE GRID TEAM

Forward Pass Is Converted By Johnson Into a Touchdown

FULLERTON, Oct. 2.—In a fast game here Saturday afternoon, the opening of the league season in Orange county, the Fullerton High School football team defeated the Orange eleven by a 7-to-0 score. Four veterans of last year played on the Fullerton team.

The game was played on the Fullerton grounds between Orange and Fullerton. The rain had put them in good shape, and the playing was fast.

During the first half the Orange boys did their aggressive work, mostly open play and forward passes, but in the second half the Fullerton team got warmed up and went to work.

The only touchdown of the game was made by Fullerton in the last quarter when Earl Johnson caught a forward pass from Orange and ran thirty yards with it. The Fullerton eleven was penalized several times for fouls. The Anaheim coach refereed the game.

CATCHER CALLAN IS TO JOIN OAKLANDERS

FULLERTON, Oct. 2.—Buster Callan, former manager of the Fullerton Club when the latter won the Southern California championship last year, is home from Hayden, Ariz. Callan has closed the season with the Hayden Club and won a batting as one of the best catchers in the Copper Belt League and hit .327. Callan has joined Oakland and will finish the Coast League season with them.

RANCH IS SOLD

ANAHEIM, Oct. 2.—J. W. Duckworth sold his ten-acre orange grove to H. A. Neff. The consideration is reported to be \$20,000 cash. The four-year-old grove of Valencia is located on South street and is one of the nicest groves in that section.

An electric pumping plant is used for irrigation while city water is supplied for domestic use. A five-room cottage and barn are other improvements.

TRI-COUNTIES MEET

Both Sides Sure of Victory in November

Leaders of Rival Parties Tell Why They Are Confident On Result

NEW YORK, Oct. 2.—Republican Presidential Nominee Hughes and National Chairman Willcox both expressed themselves as happy over the campaign situation at the conclusion of a three-hour conference at the Hotel Astor.

They dispatched Frank E. Hitchcock to the West yesterday to make a "clean up," if possible, in doubtful states. Hitchcock will arrive in Chicago today. From there he will make dashes into Ohio, where the Hughes managers are to make a big drive this month, Indiana and adjacent states.

Mr. Hughes, meantime, will meet on Tuesday evening William H. Taft, Theodore Roosevelt, Elihu Root and others at the Union League Club reception. Then he hies himself away to some sequestered spot to rest until his third western trip begins next week.

M'CORMICK SAYS OUTLOOK IS BRIGHT

NEW YORK, Oct. 2.—In a statement issued last night Chairman Vance C. McCormick of the Democratic National Committee says:

"Two things stand out conspicuously in the campaign thus far. They are the absolute failure of the Hughes candidacy and the certainty that Woodrow Wilson will be re-elected president of the United States on November 7."

"Reports that I have received from all parts of the country convince me that the President has the people with him and that they are going to back him up with a fine, big majority on election day."

"In the West, East, South and North the people are happy and contented. The country is at peace. Prosperity rules the land as never before. Factory owners are working to their limit. The banks, always a barometer of business conditions, are bulging with deposits. President Wilson has brought peace and prosperity to the country and that is the reason that the American people are for him. My reports show that the Senate will remain overwhelmingly Democratic, and that the Democratic majority in the House will be increased to upward of fifty."

Doings In Social and Club Circles

EBELL MEETING

Delegates to County Convention At Garden Grove Are Elected

The Ebell Society held its first meeting for the season on Saturday afternoon at Elks' hall. Mrs. W. L. Grubb, first vice president, filled the president's chair in the absence of Mrs. C. F. Crose, who was at the bedside of her husband, who is seriously ill.

Mrs. Grubb presented to the club greetings from the absent president. Mrs. Grubb expressed her warmest hope for a successful and enjoyable year's work for the club.

Mrs. E. M. Nealley gave a report of Day Nursery affairs that was most encouraging. The institution went safely through the summer months with no extra aid from Ebell and had a neat balance in the treasury. Mrs. Nealley urged a campaign for new members, remarking that since every new member meant \$2 for the Day Nursery, a large membership was essential for its comfortable maintenance.

Mrs. S. N. Davis announced a public meeting to be held on October 13 for the discussion of the proposed amendments to the constitution.

The call for the County Federation meeting to be held at Garden Grove Saturday, October 21, was read and delegates were elected as follows:

Mesdames George R. Reyburn, W. B. Williams, J. E. Tillotson, E. B. Burns, C. C. Violet, J. C. Gowen, George Balderston, H. C. Dawes, G. H. Bent, F. W. Wieseman, W. L. Grubb, W. B. Tedford, C. E. French, C. E. Lamme, Alternates, Mesdames E. L. Morrison, H. J. Forgy, C. H. Perkins, W. H. Smith, S. L. Randall, John Clarkson, P. A. Robinson, A. G. Flagg, D. L. Anderson, Arnold Peck, H. E. Snow, T. A. Winbigger, C. W. Burns.

It was announced that Founders' Day will be celebrated in November with a luncheon, for which the Day Nursery committee will make arrangements. The memory of the very excellent luncheon they served last November assures the popularity of this one.

The afternoon's program was given by Kittie Richards Foote of Los Angeles, who is one of the cleverest readers the Ebell club has ever had the opportunity to hear. Mrs. Foote appeared here last year in an exquisite portrayal of "Madame Butterfly," and the warmth with which she was greeted Saturday was therefore partly inspired by a delightful memory and partly by pleasant anticipation. Saturday's reading was a Dolly Madison playlet, sparkling with wit and cleverness. Mrs. Foote was most charming in her quaint colonial costume and her impersonation of the sprightly Dolly was a genuine treat.

Miss Irene Minter, Popular Bride-to-be, Honored Saturday at Merry Event

Miss Marjorie Cox and Miss Dorothy Skiles were hostesses on Saturday afternoon to a number of friends, honoring Miss Irene Minter, who will soon become the bride of Mr. Sanger of Perris.

The genial hostesses had used a golden yellow scheme, carrying it out with an artistic arrangement of flowers. The event was held at the home of Miss Cox on East First street.

The time was happily passed with games and conversation and Miss Minter unwrapped many mysterious-looking bundles, which proved to contain numerous desirable kitchen articles.

Mrs. Edwin Cox and Mrs. R. H. Skiles assisted in entertaining and serving a dainty collation.

Mrs. Webster was a cousin of Mrs. Smart.

MARRIED TWENTY YEARS

Mr. and Mrs. S. M. Davis Surprised Saturday, Daughter Plans the Affair

The happy event of their twentieth wedding anniversary was pleasantly celebrated Saturday evening by Mr. and Mrs. S. M. Davis, although the coming of about twenty of their neighbors and intimate friends was kept a profound secret by their daughter, Miss Laura Davis, who planned and carried out the arrangements.

The merry group gathered at the home of Mr. and Mrs. F. P. Jayne on East Washington avenue and went in a body to the Davis home. Mrs. Davis answered the peal of the door bell and the surprise was complete.

The evening hours sped swiftly away with conversation and various games and Mrs. C. W. Burns made the presentation of a beautiful china sandwich plate to the blushing bride, who made a fitting response.

When the guests left the pleasant scene, they left behind many good wishes for more years of happiness and prosperity.

W. C. T. U. Meeting

The Belle Rogers Union will meet in the Army parlors tomorrow afternoon at 2 o'clock. Members are urged to be present and bring their friends. Remember that the 7th of November will be election day, rain or shine.

Rev. F. G. Watson, pastor of Richmond Ave. M. E. church will give a talk upon "What California Dry Will Mean to the Women of the State."

The committee from the Santa Ana Union will meet with this Union at 3:30 o'clock to arrange for the presentation of "Columbia's White Republic."

Missionary Will Speak

Rev. J. K. Robb will deliver a missionary address in the Reformed Presbyterian church, corner Spurgeon and East First street, this evening at 7:30. Rev. Mr. Robb has been on furlough in the United States during the past year and sails in a few weeks for his former field in Tak Hing Chau, South China. An informal reception will be tendered him after the address, to which the public is invited.

At Clune's

The Fashion Show at Clune's tonight is eagerly awaited by the ladies. Manager Lacey promises the affair will be a success, and bases his opinion on the success he has had with similar undertakings in northern cities.

Models Are Santa Ana Young Ladies. The models chosen to "show up" the latest fall and winter fashions are the choicest products among local girls. They are thirty-six size models, and will prove that no one need go out of our city of beautiful women to find ample "talent" to display gowns and suits.

The Fashion Show is run in conjunction with the regular program, which is to feature Lillian Gish in a Triangle picture. It is stated that the fair Lillian wears some of the rarest jewels and gowns in this film, which has been titled "Diana of the Folies."

Parent-Teacher Meeting

The first meeting of the season of the Parents-Teachers' Association of Spurgeon school will be held Tuesday, October 3, at 2:30 p. m. A general outline of the work for the year will be given and every mother is urged to be present. It is designed to make this especially a social meeting that mothers and teachers may become acquainted. Light refreshments will be served.

The finals were started this afternoon and by the indications there are several sharpshooters' medals coming to Company L.

Lieutenant Swanner was being congratulated by all the officers the other morning at drill. Swanner is a jolly good fellow and should make a splendid officer.

The other day in working a problem in maneuvers our first sergeant, Walter Pease, and Sergeant Buchheim, were sent out in charge of patrols, and when the problem was worked out and the patrols had returned to camp to talk it over, the officers all complimented Sergeant Pease on the way in which he conducted his patrol, saying that they had never seen them conducted in a better manner. The same was said of Sergeant Buchheim. The officers and non-coms have sure made a good showing while we have been down here.

"Buck" Fipps and "Slat" Edgar, ex-jitney drivers of the Crown Stage, former rivals at getting jitney passengers, are now deadly rivals of the rifle range. The loser has to give the other a chicken dinner. They are surely after each other's goat. Fipps says that he has already got it but Edgar says that he is the one that has got it.

As soon as the finals are completed I will send the scores in so the people of Santa Ana can see the records.

AMUSEMENTS

At the Temple

The first published score list in the Continental Feature Photoplay contest, in which some Santa Ana young lady will be given a leading part, appears in the lobby of the Temple Theater. The name of the film is "Opportunity" and will show the most select spots in Orange county, so that "Back East" folk will better understand the vast beauties and opportunities in the "Big Little County" of California. Because the film, which also has a story woven around it, means much to Orange county from an advertising standpoint, fraternal, patriotic and civic bodies are interested and boosting it.

Bringing in Easterners. The Continental people, who have their studio in Orange and will begin work on the film "Opportunity," at the end of this contest, propose to bring to Orange county from 250 to 300 people every ninety days. In the Orange county film four Orange county young ladies will take the leading part. It would not do to portray our county and put in eastern girls. As a consequence this first picture offers a real chance for some local girl to break into the movies. The Continental management assures contestants that they will be given every chance to make good and remain so.

How to Get Started. Candidates wishing further information in regard to the contest may secure it by calling at the Temple Theater, or, when closed, by phoning Orange 77 and asking for Mr. Dyer, director of production of the Continental Film Company.

"Public Opinion." Those who see the Jesse L. Lasky production of "Public Opinion," a Paramount release, which will be the attraction at the West End Theater tonight, tomorrow and Wednesday, with the beautiful Blanche Sweet in the stellar role, will at once be impressed with the similarity of the theme with that of the famous murder case recently tried in New York City. The story of the photodrama and the story of how the doctor poisoned his victim, are practically identical, although the story was written for the Lasky Company by Margaret Turnbull several months before the trial occurred. The Lasky Company does not seek to make capital of current morbid sensations, and it was through fear of this that the noted producing company made the announcement that the play was produced long before the doctor was brought to justice.

WHEN BRER RABBIT ADVERTISED

—The rabbit heard the lion tell the leopard that he was known as the king of beasts because his roar had made his strength and bravery known to the jungle, a story in Judge relates. The rabbit pondered over the thought two or three days, then one fine evening he rushed from his hiding place into the open field and did his best to roar.

A coyote, hearing his squeal, pounced on him. The rabbit terrified, asked for an opportunity to speak before he was slain. He told the coyote about the conversation he had heard, and asked the coyote why he was not afraid when he "roared." "It's a good thing to advertise," quoth the coyote, "but, first you must have the goods."

This same rule applies in every walk of life, especially in business. The public soon learns to know the difference between the store that advertises phenomenal bargains in big type and then tries to foist on them an inferior article, and the store that truthfully tells what it has to offer and backs up this offer with merchandise that satisfies.

The Kafateria Shoe store, located at 404 West Fourth St., Santa Ana, has since its opening about a year ago, made a host of real friends and customers. Always careful to state the truth about the shoes it has to offer and with a complete stock of new, up-to-the-minute footwear bought right and priced for less money than the same kind of footwear can be sold for elsewhere, owing to its three-store buying power and the low operating expense the Kafateria Shoe store has become the headquarters for all those who like to wear good shoes and like to buy them right. Shoes for men, women and children are carried.—Advertisement.

GEORGE HARVEY STRONGLY FOR HUGHES

Former Supporter of President Says Wilson Made Series of Blunders

NEW YORK, Oct. 2.—George F. Harvey, former friend of President Wilson, has strongly endorsed the candidacy of ex-Judge Charles Evans Hughes. His endorsement is contained in an article written for the forthcoming number of the North American Review. It scathingly reviews the administration of President Wilson.

Col. Harvey was the first man of prominence to propose Woodrow Wilson for President in 1906. He worked unceasingly for him until requested to refrain in 1913.

He reviews the record of the Wilson administration and says that two vital questions to be answered at the polls are, which of the two great parties at this particular juncture is the better equipped and the more likely to render the highest public service; and which of the two designated leaders is the more certain to preserve, protect and defend the constitution of the United States. The overpowering issues are military and industrial preparedness, government by and for the people, national honor and opportunity.

Regarding military and industrial preparedness, Colonel Harvey concludes that we cannot expect adequate preparedness in the navy while Mr. Daniels remains at its head. He says Daniels has neither the skill nor the will to expend effectively the great sums of money to be drawn from the people by their express command for immediate protection. If he is retained in authority for another four years, our first line of defense, already gravely impaired, will be shattered, and the navy itself from the highest admiral to the humblest sailor will raise hands to high heaven in disgust and despair.

The new secretary of war is placed by Colonel Harvey on a higher plane

than Secretary Daniels, but, he says, the amorphous scheme of federalizing the militia has already proved abortive, and if anything were needed to avert the finality of failure, it appears that the waste of the War Department's call to arms, which convinced every guardsman sent to the border that he had been tricked into an enlistment which he had never intended to make.

Colonel Harvey calls attention to the plans being formulated by the world powers for mutual trade increase at the close of the war and the capture of the markets of the world, and adds, "what this may mean to American manufacturers, workingmen and farmers is patent."

MORE MOISTURE PRECIPITATED SATURDAY, SUNDAY

The continued stormy weather will have a damaging effect on beets, beans and walnuts—although there is possibility of the weather clearing before any serious damage results to the unharvested portions of these crops. It is estimated that about 60 per cent of the beets in this county have been delivered to the five factories within the county. A week's rainy weather would have the effect of starting the beets to growing, thereby lessening the sugar content of those still in the ground.

Practically all the beans in the county which have not been threshed are in the western part, Garden Grove, Smeltzer, Wintersburg sections. All have been cut and placed in either windrows or shocks. Even should warm weather prevail at once, those now out will have to be turned, which will entail considerable extra labor and expense to the growers.

The fall so far has not been sufficient to prevent walnut growers getting into the groves and picking up nuts which have fallen. By keeping the nuts well picked up and placing them on drying trays serious damage can be prevented.

The total precipitation for the storm is less than one inch. Citrus groves and celery fields will be much benefited by the rains.

Sixty per cent of the walnut crop has been delivered to the various packing houses and it is estimated that about 20 per cent has been gathered and placed under shelter, leaving only 20 per cent liable to damage by rain.

Bridge Work Progresses
Work on the bridge across the Santa Ana river on Chapman street has not been interrupted by the rains.

NEW DEPUTY HEAD OF ANTI-SALOON LEAGUE

WESTERVILLE, O., Oct. 2.—The Rev. E. J. Moore of Philadelphia, former superintendent of the Pennsylvania Anti-Saloon League, arrived here today to take up his new duties as assistant to the Rev. P. A. Baker, superintendent of the Anti-Saloon League of America.

MAN ACCUSED OF MOLINO MURDER ARRESTED AS GUN-PACKER

(CONTINUED FROM PAGE 1)

yards away, to stop the other man, which Moore did.

Dean searched Martinez, and found a butcher knife a foot long hidden in an inside pocket of his coat.

Dean turned to Garcia to search him. At that time Dean did not recognize the man. He had seen pictures of Garcia, and had heard that he was in the Lincoln street neighborhood, and with other officers had credited him with being the moving spirit in disturbances of late.

Just as Dean started to turn back the man's coat, Garcia ducked his head, jumped back, and made a suspicious movement with his hands. Dean took no chances on his life. He quickly applied a club, knocked Garcia down and had the handcuffs on him.

Turning on his flashlight, Dean im-

mediately recognized the man.

"Garcia?" asked Dean.

"Si, si," answered Garcia.

On Garcia, Dean found not only a big knife, but also a 45-caliber Colt's revolver, ingeniously hanging from his shoulder inside of a leather pocket inside of his coat. He had two tobacco sacks full of ammunition.

At the county jail, Garcia looked Dean over and said:

"I know you now. You hit me over the head. I know you."

Officers look upon that as a threat to "get" Dean.

FIFTEEN BAD CHECKS ON HIS LIST FOR ORANGE COUNTY

John P. Verdugo kept books on his bad checks. When he was arrested for passing a bogus piece of paper at Whittier he gave the officers a full list of his checks, which he had scattered over Los Angeles and Orange counties. The list ran up to about three score, of which fifteen were passed in Orange county. Sheriff Jackson has received the list that Verdugo said he got rid of in this county. They are as follows:

Buena Park poolroom, Anaheim brewery, Fisher's winery, Rust's winery, Gardner's feed store, Hotel Bar, Boege's, all at Anaheim, for \$10 each, excepting \$25 at Anaheim brewery; Delhi grocery, mercantile company at Delhi, Westminster grocery, Jap store at Smeltzer, Smeltzer grocery where post office is located, store near the Holly sugar factory, Cypress store, Bolsa store, for \$9 each, excepting \$7 near Holly and \$10 at Cypress. The man will be prosecuted in Los Angeles. Officers say he is an ex-convict.

AT THE COURTHOUSE GO INTO COURT IN FIGHT FOR REFERENDUM

Storm Water District Opponents Take Another Step In Legal Battle

With S. H. Dewitt as plaintiff, Attorneys J. C. Burke, T. L. McFadden, H. H. Coyle and E. J. Marks today brought a mandamus action in the superior court for the purpose of determining whether or not they can compel the Board of Supervisors to recognize the referendum petition filed by opponents of the United Storm Water District.

The petition of the opponents was cast aside by the Board of Supervisors on the opinion of the district attorney that the order of the board forming the district was not subject to the referendum. The attorneys for the opponents of the district take the view that the referendum should be recognized in this instance, and they are asking the superior court to order the county board to proceed upon it. The petition for a writ of mandate is set by Judge West for November 15 at 10 o'clock.

To Quiet Title
Suit to quiet title to lot 10, Stueckle's subdivision, Anaheim, has been brought by Julia Letka against the Steuckle minors.

Answer Is Filed
Today an answer was filed by a Los Angeles attorney for the defendant in the action for \$15,000 brought by George McPhee of Santa Ana against J. D. Lavin of Anaheim. McPhee is suing for injuries received when his automobile was hit by Lavin's. It is understood that an insurance company is making Lavin's defense. The answer attempts to thrust the blame for the accident upon McPhee. It also alleges that since McPhee was employed as county sealer at the time he was hurt and was insured by the county, it is the county that should be bringing the suit instead of McPhee.

IN THE JUSTICE COURT GOEPPER OF BALBOA TAKES COX'S PLACE

Justice Cox is going on a two-weeks' vacation, during which he will visit his daughter in Butte Falls, Ore. Today Cox placed Justice Goepfer of Balboa in charge of the courtroom here. Goepfer has taken Cox's place on the bench here before, and has handled considerable court business here as well as in his own court.

Collects \$1055
During September, Justice Cox collected \$1055 and turned it in to the county treasury. Of that, \$40 was for civil fees, \$398 for traffic violations and \$615 for other violations.

1917-GRANT SIX-1917

Now Ready For Your Inspection

AS USUAL the Grant Six is first. It was the first Six ever sold priced below a thousand dollars.

Now it is the first of the 1917 models—and first in 1917 values.

What does it offer? Come and see.

Come and see the beautiful new body—roomy and comfortable beyond comparison for the money—

Come and see the mechanical side of the car—the wonderful Overhead Valve motor—the Wagner Two-Unit Starting and Lighting System. The Remy Ignition that gives flawless ignition at all speeds—

Come and see the simple instrument board—everything necessary, but nothing superfluous—the arrangement strikingly simple, like the car itself.

You will not find any car offering you more in genuine mechanical excellence and true sturdiness.

And you will find the Grant Six as economical in cost of operation as it is in price.

Owners average 20 miles to the gallon of gasoline—some say 28 miles and more—900 miles to 1200 miles to the gallon of oil.

The Grant Six will climb any hill on high that any car can make—regardless of price—because it combines surplus power with light weight. Come and see. Come and compare. And come now.

IRISH VOTERS IN SHARP ATTACK ON WILSON

NEW YORK, Oct. 2.—Fifteen hundred Americans through whose veins flows Irish blood last night in the Garden Theater uproariously denounced President Wilson for his attack upon Jeremiah A. O'Leary, whom the president called a "disloyal" citizen.

The meeting was not held for the purpose of arraigning the president. It had been arranged a week ago as a forerunner of the great Irish relief fund bazaar to be held in Madison Square Garden October 1 to 22.

Peter Golden, the Irish poet, led in the defense of O'Leary and his "disloyal" friends.

It was evident from the manner in which the vast audience took up the cudgels for O'Leary that they interpreted the president's statement of O'Leary's "disloyal friends" to mean Irishmen, and they resented the insinuation.

"Irishmen stood by America in 1776," shouted Golden, amid tumultuous applause. "We stood by America in 1812 when England tried to strangle the infant republic, and we stood by America when the English papers were calling Abraham Lincoln a baboon, and if danger comes again, no matter from what quarter, we will be found where we always have been found—in the front ranks—and we will not have to go on our knees begging for a pension from Andrew Carnegie."

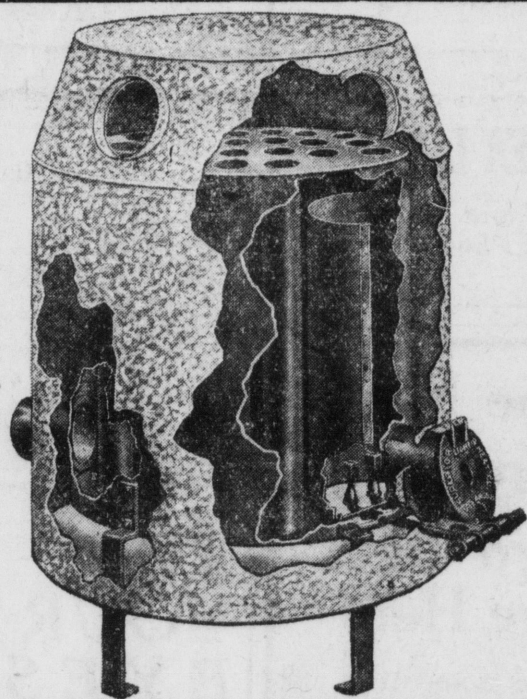

Alphonse Koelble, friend of Jeremiah O'Leary, who has no doubt that he was included in the president's attack upon "disloyal" citizens, told of his birth in the city of New York. "The people of Irish and German ancestry in this country kept America out of the great war, no matter whether a proud gentleman may boast that he did so," said Mr. Koelble, during his address.

BOYS AND GIRLS IN DAIRY EXHIBITION

SPRINGFIELD, Mass., Oct. 2.—A feature in the New England Dairy Exhibition, opening here today, is the part taken by boys and girls. They have nearly twenty thousand feet of floor space. Each phase of activity of the adult exhibitors is duplicated by the youngsters. The girls' exhibits chiefly concern household and dairy arts—cooking, preserving, gardening and canning. The girls will listen to lectures on making the home attractive as well as utilitarian.

The boys have their own stock, dairy and grain exhibits and will take part in the judgments. Special prizes are provided for best showings by both boys and girls.

IDEAL GAS FURNACE

This furnace burns city gas for fuel and is so constructed that the hot gas is compelled to travel a long distance, over heavy sheet iron surfaces, before it escapes. These surfaces extract all of the heat from the gas, so that when the fumes escape to the chimney, the heat has been extracted and the waste pipe is the coolest on the furnace. This is just the reverse of other furnaces, where the smoke pipe is the hottest. The radiated heat is mixed with fresh air and delivered in the house in the usual manner. This heated air is fresh, pure and entirely free from gas fumes and is heated to a temperature that causes it to travel readily. For sale by
